#### **I have read, understand, and agree to the following program guidelines:**

- I am a City of San Marcos single-family electric utility customer with an account in good standing.
- I am the owner of the home where the new equipment will be installed **OR** I have received home-owner consent to install the equipment at this address. *(If utility customer is not the home-owner, both parties must sign below.)*
- Energy efficiency upgrades must be recommended through a City of San Marcos energy audit in order to qualify.
- Rebated products must be new, qualifying products as specified by the City of San Marcos.
- Products must be installed within the San Marcos electric utility service area, and must remain in use at the specified address for the lifetime of the products.
- A dated and itemized sales receipt must be provided with the application. Receipts dated more than 90 days from the application date will not qualify for a rebate.
- Prior to issuance of a rebate check, a site inspection will be conducted to verify product installation. Products must be installed and functional at the time of the inspection.
- Rebates are offered on a first come/first serve basis, and are subject to availability of funds.
- Rebated amount may include cost of equipment and professional installation but may not exceed 50% of purchase price.
- Participants may be required to complete a follow up questionnaire.
- Qualifying products are selected on the basis of energy efficiency only. The City of San Marcos does not endorse specific brands, products, or dealers; nor does it guarantee materials, workmanship, performance or durability of qualifying products.
